

# THE JOINT PHARMACEUTICAL ANALYSIS GROUP

<[www.jpag.org](http://www.jpag.org)>

## **The analytical science and regulation of pharmaceutical packaging**

**A one-day symposium organised jointly with the  
Pharmaceutical Analytical Sciences Group  
at the Royal Pharmaceutical Society of Great Britain**

**Thursday 3 December 2009**

### **Scope**

Packaging plays a critical role in the presentation, distribution and protection of drug products, as well as for patient convenience and compliance. Higher regulatory and quality controls are required for pharmaceutical packaging, especially for products such as those administered by the intravenous or inhaled routes which not only rely on packaging for product integrity or functionality but present a greater risk to patients from packaging leachables.

A good understanding of packaging effects can also lead to reductions in stability testing requirements and to longer shelf lives.

This symposium will examine the current regulatory landscape for pharmaceutical packaging and the analytical strategies to assess the quality, safety and efficacy of product packaging.

### **Who should attend**

This symposium will be of interest to scientists and managers involved in product development, stability and manufacturing, packaging operations, quality control and regulatory affairs.

*A customised certificate attesting four hours credit for Continuing Professional Development will be included in the delegate pack for all registrants*

## Programme

- 09.30**      **Registration and coffee**
- 10.00**      **Introduction**  
**Dr Ray Munden,**  
***Chairman, Joint Pharmaceutical Analysis Group***
- 10.05**      **Overview of regulatory requirements for pharmaceutical packaging**  
**Dr Dima Al-Hadithi, *MHRA***
- 10.45**      **Application of a risk-based approach to the design of an extractables and leachables programme for a dry powder inhaler product**  
**Jason Creasey, *GSK***
- 11.25**      **Short break**
- 11.35**      **Investigating interactions between formulation and packaging during the development of liquid products; some case studies**  
**Dr Jon Beaman, *Pfizer***
- 12.15**      **Lunch**
- 13.15**      **Stability aspects of packaging**  
**Roy Gray, *Consultant***
- 13.55**      **Modelling the impact of relative humidity excursions on products stored in environmentally-controlled storage facilities**  
**Tony Hatton, *GSK***
- 14.35**      **Tea break**
- 15.00**      **Novel sample preparation techniques applied to extractable and leachable analysis**  
**Shane Smith, *GSK***
- 15.40**      **Packaging and stability considerations for drug-device combination products**  
**Roisin Wallace, *Pfizer***
- 16.20**      **Closing remarks**
- 16.25**      **Close**

**Joint Pharmaceutical Analysis Group**  
**“Pharmaceutical packaging”, Thursday 3 December 2009**

**Registration form**

Please send completed registration forms (one per person; fax or photocopies are accepted) to the Secretariat: Ms Julie Churchill, 3<sup>rd</sup> floor, Royal Pharmaceutical Society of Great Britain, 1 Lambeth High Street, London SE1 7JN

**Delegate fees** (*include registration, documentation, lunch and refreshments*). Please tick the appropriate box:

JPAG members	£147	<input type="checkbox"/>
Other members of RSC or RPSGB ** or APSGB	£197	<input type="checkbox"/>
<i>Bona fide</i> students, retired or unemployed members of RSC or RPSGB	£32	<input type="checkbox"/>
Not members of JPAG, or RSC or RPSGB	£247	<input type="checkbox"/>
